

## ACCELERATING FINANCIAL INNOVATION WITH MULTI-CLOUD MANAGED SERVICES

### CLOUD MANAGED SERVICES

The client is a leading multilateral financial institution specializing in energy investment and development across the MENA region. The organization plays a critical role in funding energy projects, supporting innovation, and enabling sustainable sector-wide.

## THE CHALLENGE

- The company operated an aging on-premises IT infrastructure hosted in a colocation data center in Saudi Arabia.
- This legacy setup posed challenges in scalability, security, and operational efficiency, hindering progress toward digital goals.
- To modernize operations, the client sought a seamless cloud migration that would ensure high availability, robust security, and full-service management, while enhancing cost efficiency and business continuity.

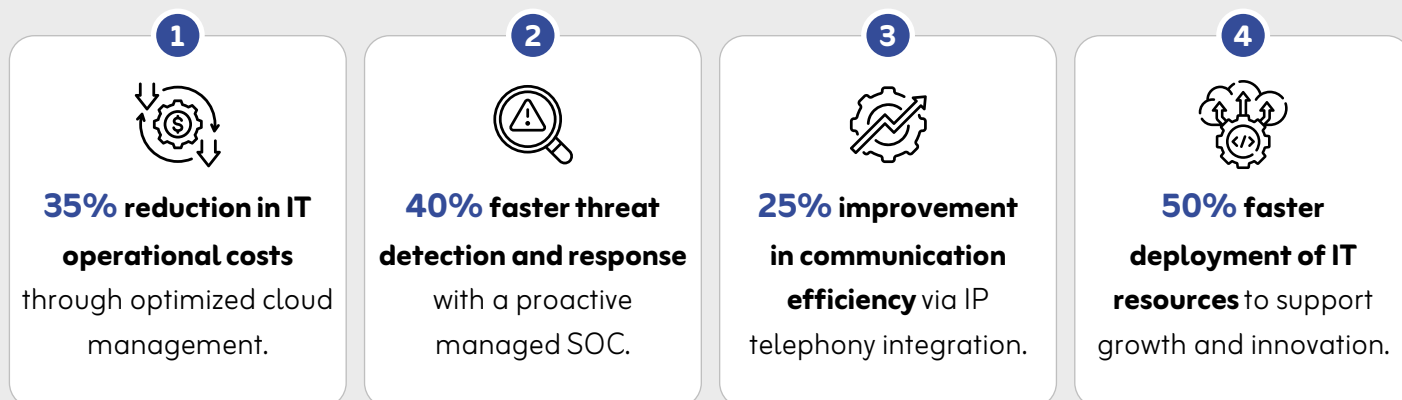

## THE ZAINTECH SOLUTION

ZainTECH delivered a fully managed, multi-cloud environment, integrating:

- **Managed IaaS:** Secure, scalable cloud hosting for critical applications.
- **DRaaS and BaaS:** Automated backups and disaster recovery, ensuring business continuity.
- **Managed SOC:** 24/7 monitoring, threat intelligence, and incident response.
- **Oracle Unix to Linux migration:** Seamless operating system transition for greater efficiency.
- **IP telephony implementation:** Modern communication systems for improved agility.

## THE BUSINESS IMPACT

ZainTECH's managed cloud services, enabled the client to achieve:

## WHY ZAINTECH?

The client selected ZainTECH managed services for its:

- **End-to-end cloud and managed services:** Including IaaS, DRaaS, and BaaS to support full-scale migration and disaster recovery.
- **Migration expertise:** Successfully transitioning Oracle Unix to Linux, for enhanced performance and cost savings.
- **Advanced security and compliance:** A Managed SOC with continuous threat detection and compliance with industry regulations.
- **Modernized communications:** Deployment of IP telephony to enhance internal connectivity and flexibility.
- **Seamless execution and advisory:** Ensuring a timely, low-risk migration backed by strategic advisory and continuous improvement.

## ABOUT ZAINTECH

ZainTECH is a regional integrated digital solutions provider, unifying Zain Group's ICT assets to offer a unique value proposition of comprehensive digital solutions and services under one roof. The company drives the digital transformation of clients in the MENA region by providing a center of excellence and managed solutions across cloud, cybersecurity, data and AI, drones and robotics, digital solutions, modern infrastructure, and software licensing.

ZainTECH operates in Kuwait, Saudi Arabia, Bahrain, Jordan, Iraq, Sudan, South Sudan, and the United Arab Emirates, as well as in other key markets in the Middle East.

Recognized by IDC MarketScape and Gartner for its cloud and AI capabilities in the region, ZainTECH helps enterprises operate secure, resilient, and scalable digital environments.
